

Library Orientation for Junior College Teachers 24th to 27th June 2025

An orientation programme was conducted for junior college teachers for motivating them to use the library resources and website. The aim was to bring more readers to the library. A motivated teacher would bring students to the library and thus encourage reading culture among students. Teachers were shown their subject reference books and encouraged to use e-resources and reference books apart from their regular textbooks. They were guided to access E-resources through library website and use of QR Code. With diminishing reading culture it is important for the libraries to promote themselves for increased readership. They were also encouraged to bring students for Library Period and Book Review Presentation. **41 teachers** attended the orientation
